of 185th & Madeline
&

Home Depot west parking lot,
13700 NW Science Park Dr

8:00-4:00 pm Saturday

November 19th & December 3rd

The City of Beaverton will operate a leaf disposal station at the City of Beaverton Operations Center for **leaves, grass clippings and pine needles only** on the dates listed above. Clean Water Services will operate the leaf disposal station at Sunset High School and Aloha High School for **leaves, grass clippings and pine needles only** on the dates listed above. CWS has established a 50 pound per bag limit. Anything else mixed with the load (branches, shrubs, trash, plastic bags, etc.) cannot be accepted. You will also have the opportunity to donate canned and non-perishable food items to the Oregon Food Bank to help families in need.

Leaves that are raked, dumped, blown or otherwise deposited in the street near the curb area can cause localized flooding when a catch basin becomes clogged.

Our City Street Sweepers are working as fast as possible to prevent such plugging of catch basins but it's important to avoid adding more leaves to the mix. Piles of leaves left in the streets also impede our ability to remain on schedule and to perform this work in an efficient manner.

Please be aware that under City code it is a violation of the City of Beaverton ordinance 5.05.115 (Obstructing the Right-of-Way) and 5.05.095 (Dumping Debris in Streets).

Please accept this notice as a reminder that it is your responsibility to dispose of the leaves on your property. We also want to help you understand there may be a pile of leaves in front of or near your house after we have swept the area. Thanking you in advance for your cooperation during this busy time of year. For more information please call:
